

SHREDS OF FLESH AND BONES FOUND

GREWSOME FINDS MADE IN MORNING

Machinist Rule, Spectacle Case and Spectacles Believed to be Those of Wm. Deering

Taken from the Steaming, Smoking Ruins at the Antlers Hotel, Watch and Chain Also Found

What is believed to be the remains of one or more bodies have been located in the smoking, steaming ruins at the Antlers hotel, where two men, William Deering, steam fitter, and Thomas F. Lamb, aged flagman of the Northern Pacific railway, lost their lives in the disastrous fire which swept away a quarter block of the business district in Brainerd Monday morning.

Led by I. U. White and sons, Harry Carlson, Louis Hohman and others, bricks were carefully removed from the area where the lobby was formerly located in the hotel. Near the wash room was found a piece of thigh bone with smoking flesh and cloth attached. A piece of liver lay near by and then the searchers came upon a key ring with 11 keys attached and one of them opened the trunk of Deering, when the keys were tried by his son, Julius Deering.

Pieces of brass of a rule such as machinists and shop mechanics carry was located, also a spectacle case and the spectacles, crushed and broken.

It would appear that Deering, who had made his escape from the doomed hotel, the night clerk aiding him to carry out his trunk and to set the same on the other side of the street, had thought of his overcoat hanging on the wall of his room and again made his way up the stairway to the second floor.

A girl of the hotel saw him mount the stairs and shortly after the outer wall collapsed.

Lamb was not seen on the street. He had a room on the third floor and there is some evidence to the effect that he had made his way to the ground floor and there met his doom. A silver watch, seven jeweled Swiss, was found, but not identified. Lamb's sons did not believe it was their father's watch. The case of nickel bore the name of Blanchette Fontaines and the works the Tavannes Watch Co. Deering's watch was a Waltham.

The search continues and ashes and debris are carefully sifted. All remains are stored in large cans to be placed in charge of the coroner, Dr. C. A. Nelson.

NAVAL BATTLES IN NORTH SEA

Two Clashes Between British and German Ships.

SEVERAL DESTROYERS SUNK

British Lose One Vessel and Germans Are Said in Unofficial Reports From Holland to Have Had From Two to Seven Sunk and Others Seriously Damaged.

London, Jan. 24.—Two naval engagements were fought in the North sea Monday night and Tuesday morning between British light cruisers and torpedo boat destroyers and German destroyers. It was the first meeting of the naval forces of the two belligerent powers since last October.

An official report from London says that in the engagement with the British light forces, "not far from the Dutch coast," one of the German destroyers was sunk and the remainder were scattered.

In the other fight, which occurred off Zeebrugge, a British destroyer was struck by a German torpedo, killing three officers and forty-two men of the crew. The damaged craft later was sunk by ships of its own flotilla. Unofficial advices from Holland say that from two to seven German ships were sunk and others damaged seriously and that one of the latter was towed into Ymuiden with twenty dead on board, while sixteen severely wounded were landed by a Dutch steam trawler. The commander of one of the German vessels, it is said, was killed by a shot which carried away the bridge.

On the Russian front in the region of Lake Kuggerion and near Kaluzin, in the Riga sector, the Germans have delivered attacks against the Russians. Both attacks were repulsed, according to Petrograd. In Volhynia the Germans successfully carried out trench raids.

The fighting fronts in France and the Austro-Italian theater continue to witness bombardments, spirited at some places, and small engagements.

Wilson's Address Wired to Kaiser

(By United Press)
Berlin, Jan. 24.—President Wilson's speech to the senate was wired to the Kaiser and Field Marshal von Hindenberg at the front. Ambassador Gerard conferred 40 minutes with Foreign Secretary Zimmermann and later cabled the state department at Washington the confidential outline of the German foreign office impression, which was viewed with interest and favor. Whether Germany can take official cognizance of the declaration is not yet clear.

An informal discussion at the foreign office developed the belief that Germany cannot take official cognizance of the address, the belief being based on the following:

First: The allies reply to President Wilson was never officially received by Germany.

Second: Germany cannot make further moves toward peace after the insulting replies the allies made to her terms.

Third: The officials await the senate debate, the present feeling being that a statement from Germany even discussing the terms, would be an interference in American affairs.

Respirator Saves French From German Gas

The newest invention of the French to save their soldiers from the deadly gas the Germans turn loose in the trenches is a respirator attached to the mask. If a soldier is overcome he need not breathe the gas for some time any way. Air is supplied to him pure through the respirator, and he thus has a much greater chance to save his life.

TO HOLD BIBLE CLASS CONFERENCE

Department of the Minnesota Sunday School Association at Brainerd January 31

Elementary, Teen-Age and Adult Conferences at First Methodist Church, Followed By Banquet

BROKERS WILL PRODUCE DATA

Threat of Rules Committee Produces Results.

PERIOD FROM DEC. 10 TO 23

Board of Governors of New York Stock Exchange Adopts Resolution Calling Upon its Members to Produce All the Data Desired in "Leak" Investigation.

New York, Jan. 24.—Confronted with a threat by the house rules committee in charge of the "leak" inquiry to force the production of brokers' records if they were not produced voluntarily the board of governors of the New York Stock exchange requested every member of the exchange to make available for the committee the desired data.

The records sought cover the period from Dec. 10 to Dec. 23, during which time, it is alleged, persons in possession of advance information on the president's peace note made huge profits in the stock market.

The action of the board followed notice given the rules committee that action on the committee's request for the production of the brokers' accounts, including the "real names," had been postponed.

Surprised and indignant over the action of the board the committee advised H. G. S. Noble, president of the exchange, who, accompanied by counsel, brought news of the postponement, that it would not modify its request in any manner.

Noble explained the reasons for the postponement were that the production of the accounts would prove a great hardship to many brokers.

Attorney Whipple said that he was willing the real names should be given the chairman of the stock exchange clearing house committee in sealed envelopes to be opened only if developments in the inquiry appeared to make their examination material.

This offer apparently appealed to the board of governors, for in a set of resolutions adopted at their second meeting Mr. Whipple's words virtually were incorporated.

COAL SHIPS CARRY GOLD FOR GERMANY

Baltimore, Jan. 24.—It was reported in local shipping circles on good authority that three steamers which left Baltimore recently, presumably with coal, also took out several million dollars in gold eagles and half eagles.

The shipments of gold, it was also reported, were for Germany and were to be transferred at sea to the raiders sweeping the South Atlantic.

The report is based on the departure on Dec. 24 for Norfolk of the steamer Ausable. The vessel was known to have cleared with coal and about \$2,000,000 in gold. It left Norfolk on Dec. 28 for Buenos Ayres, but its arrival has not been reported. It was followed on Dec. 29 by the Maumee, also carrying a heavy consignment of gold for Buenos Ayres.

The Adult Bible Class department of the Minnesota Sunday School association will conduct an interesting series of conferences, from January 24-30, in which they will go to give five different centers of population with a touring party. This will, it is thought, be a great convenience for the different parts of the state and will save travel for delegates. They will be at Brainerd January 31, at which time the elementary, teenage and adult conferences will be held at the First Methodist church. The three separate sections will unite in a joint banquet at 6 in the evening.

The purpose of the conference will be to afford first hand information for the adult Bible class leaders of the state in making their classes more effective. It will also have as a goal the laying of a larger responsibility on the shoulders of the parents in the example that they shall show to their children in the matter of church and Sunday school attendance.

The cities visited will include Owatonna, Worthington, Montevideo, Fergus Falls and Brainerd. Each center will have an afternoon and evening program with a supper at which all the different branches will be represented.

The adult tour party will in all probability include Mrs. A. M. Locker of St. Paul, who will represent the Women's Work; Gerald Burgess of Minneapolis, state president of the Baraca and Philathea movement, and Mark G. Moltzman of Minneapolis, superintendent of the State Adult Bible Class department.

In each of the cities the conferences will begin at 2:00 P. M. and the order of the program follows:

- 2:00—Bible reading and quiet half hour.
- 2:30-3:30—Addresses by team members.
- 3:30—Three sectional conferences.
 1. Women's work, Mrs. A. M. Locker.
 2. Men's work, Mark G. Holtzman.
 3. Young Peoples Bible Class Work, Gerald Burgess.
- 5:30—Afternoon session adjourns.
- 6:00—Supper hour with prominent local man presiding and responses from delegates and others.
- 7:45-9:30—Evening session with addresses by team members.

It is probable that on the same day of the adult conference in any of the cities named above there will be conducted similar conferences for the teen age and elementary divisions. Mrs. Jean Hobart, state elementary superintendent, will have charge of the first and A. W. Van Dervoort of Minneapolis in charge of teen age work in that city. It is probable that there will be inter-changes in the various programs.

So far as it is known by local leaders this plan will be tried out for the first time by Minnesota. Last year there were five adult conferences which had a total attendance of 1337 representing 25 counties.

These conferences will also in a measure be a forerunner to the 59th annual state Sunday school convention to be held in Minneapolis April 18-22, 1917, when it is predicted by Prof. A. M. Locker, the state secretary, that there will be 3000 registered delegates.

ROOSEVELT SCORES WILSON'S MESSAGE

Oyster Bay, N. Y., Jan. 23.—Label-
ing President Wilson's address as a
grandiloquent promise "made in an
attempt to conceal" the pitiful ig-
norance and shirking of the adminis-
tration, Colonel Theodore Roosevelt
here took issue with the peace argu-
ment voiced before the senate.

"Unless the words of our govern-
ment in this matter are to be accept-
ed as the idlest and most empty of all
idle and empty words," he said, "we
must remember two of three plain
bits of homely fact.

"The first is that it is worthless to
make promises about the future un-
less in the present we keep those we
have already made. Unless this gov-
ernment is prepared at this moment
to take an emphatic position as re-
gards such a hideous outrage as the
deportation of the men and women of
Northern France and Belgium it is
both ridiculous and insincere for us
to mouth about standing for righteous-
ness in the nebulous future.

"Moreover, unless this government
can bring the peace of justice to Mex-
ico, it had better not talk about pro-
curing the peace of justice through-
out the world.

"As regards freedom of the seas the
most important element in it is free-
dom from murder and until this gov-
ernment has taken an effective stand
to prevent the murder of its citizens
by submarines on the high seas it
makes itself an object of derision by
speaking for the freedom of the seas."

PRESIDENT STANDS FOR WORLD PEACE

Washington, Jan. 23.—President
Wilson, in a personal address to the
senate, laid down the question of
whether the United States shall de-
part from its traditional policy of
isolation and no entangling alliances,
and take part in a world league to
preserve peace after the war.

Shattering precedent of more than
a century the president, regarding
the senate with its treaty making
power as his counsellor in foreign
affairs, explained why he believed the
time had come for the world to know
America's position and discussed the
underlying causes on which he be-
lieves a permanent peace of the world
can be maintained.

While President Wilson was speak-
ing directly to the senators, after the
manner of Washington, Madison and
Adams, his address was in the hands
of all foreign governments or on its
way to them.
No such history making event with
such far-reaching possibilities to the
United States probably ever had been
seen in the senate chamber.

THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One
in the Family

When little Susie had the croup; when
Johnny got his feet wet and caught cold;
when father sprained his knee; when
granny's rheumatism bothered her—
That jar of Musterole was right there
to give relief and comfort.

Musterole is a clean, white ointment,
made with oil of mustard. It will not
blister like a mustard plaster.

Quick relief for sore throat, bronchitis,
tonsillitis, stiff neck, asthma, neuralgia,
headache, congestion, pleurisy, rheuma-
tism, lumbago, pains and aches of the
back or joints, sprains, sore muscles,
bruises, chilblains, frosted feet, colds on
the chest (it often prevents pneumonia).
Try Musterole for croupy children.

ONE HUNDREDTH ANNIVERSARY

The American Sunday School Union Preparing for Centennial Celebration in Philadelphia

STEADY GROWTH ORGANIZATION

Widely Known as a Powerful Factor in Religious and Social Development of Rural America

The American Sunday-School Union, the pioneer Sunday-School Missionary Society, announces preparations for the celebration of its One Hundredth Anniversary the coming year. This unique and distinctive organization has enjoyed a steady growth as the result of a remarkable record of results and is known as a powerful factor in the religious and social development of rural America.

Rev. Walter J. Smith is the local representative for the organization in this immediate vicinity, being the American Sunday School missionary, and his work takes him through Cass, Atkinson and Crow Wing counties, and is often extended in different ways to other counties and localities where special work is being done.

At the present time there are more than 230 active missionaries promoting the work of the American Sunday-School Union throughout the country. It is particular work of these missionaries to establish and equip Sunday-Schools in communities which are without religious development. Much of their work is in undeveloped sections of the country, difficult of access, and many of them have experienced the most severe hardships. Dr. Newell Dwight Hillis, famous pastor of the Plymouth Church, Brooklyn, referred to these missionaries as "our springs of liberty and architects of civilization." All schools organized by the American Sunday-School Union are founded on union principles and are free at all times to choose any denominational church affiliation that the majority may prefer. In fact a large percentage of the Sunday-Schools thus established, are the forerunners of regularly established churches.

The American Sunday-School Union has founded approximately 120,000 Sunday school, or an average of about four a day. Thus, literally, millions of children have been taught the principles of Christianity and the advantages of upright living, many of whom otherwise, in all probability, would never have known the work of God nor the meaning of worship in any form. And in addition to these millions of children, many thousands of parents have become converted to Christian lives as a direct result of the society's work. With results of such incalculable value to look back upon and still greater results anticipated for the future, the society's managers and co-workers may justly feel a deep sense of satisfaction and pride in the forth-coming celebration of a whole century of uplifting service.

The American Sunday-School Union is non-denominational in form and inter-denominational in its work. Its headquarters are at 1816 Chestnut Street, Philadelphia, fully occupying a large four story building where an extensive force of people is employed. Its board of managers consists of laymen representing seven different denominations. No publications can be issued by the society to which any one member objects. In summing up, it might be said that the whole object of the organization is to serve as a practical and efficient agency in the promotion of Sunday-School work and in social, intellectual and spiritual development of rural communities throughout the country.

The principal officers are as follows: President, Martin Luther Pinekel; Vice Presidents, Clarkson Cloth-

ier and James F. Stone, M. D.; Recording Secretary, William H. Hirst; Treasurer, John E. Stevenson.

Some very interesting printed matter concerning the work of the society is now being issued and may be secured upon request.

Peaslee-Temple

The wedding last evening of Miss Mattie E. Temple to Owen E. Peaslee was made a very happy occasion. There were many guests present and every one fully enjoyed the events of the evening.

The bride is a daughter of Mr. and Mrs. Henry Temple of West Brainerd and is an attractive and popular young lady. For the past three years she has been employed at the O'Brien Mercantile Co. store. The groom is a farmer living two miles north of town on the Merrifield road. He has lived in and about Brainerd for the past seventeen years for the past few weeks he has been employed at the paper mill.

The bridal dress was of white georgette crepe with taffeta skirt. American beauty roses were carried. Miss Anna Temple served as bridesmaid and was gown in a dress of georgette crepe waist flesh colored, and a cream wool corduroy skirt. She also carried flowers. Mr. Robert Miller acted as best man.

The bridal party entered the main room where the ceremony was performed to the music of a Victrola and took their places beneath an archway. Rev. W. J. Lowrie read the words of the ring service and pronounced them man and wife.

After the ceremony a wedding supper was served. The young couple will make their home on the groom's farm north of town. Those present were: Mr. and Mrs. John Hansen, Mr. and Mrs. Andrew Hansen and daughter, Mr. and Mrs. Ed Boppel and son Alfred, Mr. and Mrs. George Senn and daughter, Mr. and Mrs. George Peaslee, Willie Senn, John Peaslee, Fred Hansen, Mr. and Mrs. Oscar Roberts and daughter, Selma Anderson, Gladys Senn, Mabel Johnson, Alma Moelgrin, Esther Fogelstrom, Belle Peaslee, Gertrude Peaslee, Lina Anderson, Nellie McCleary, Anna Carlson, Mabel Gustafson and Monica McGill.

Congratulations and best wishes are extended them.

Wedding Anniversary

At the wedding anniversary surprise party given Mr. and Mrs. C. A. Nelson, 1004 South Seventh street, fifty were present. The assemblage was largely composed of members of the Danish Brotherhood. They gave Mr. and Mrs. Nelson many presents, including considerable silverware.

The presentation speech was made by Christ Schwabe, president of the society. All enjoyed a good time at the home of Mr. and Mrs. Nelson. Card playing was indulged in, singing and games. A sumptuous luncheon was served.

"Auf Wiedersehen" Club

Mrs. H. A. Knapp and Mrs. C. B. Rowley entertained the "Auf Wiedersehen" club Tuesday afternoon at the home of the former, 215 North Sixth street. The hostesses served a delicious luncheon.

HIDDEN DANGERS

Nature Gives Timely Warnings That No Brainerd Citizen can Afford to Ignore

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are weak. Well kidneys excrete a clear, amber fluid. Disordered kidneys send out a thin, pale and foamy, or a thick red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, suggest weak kidneys and in that case warn you of the danger of dropsy, gravel and Bright's disease. Doan's Kidney Pills are endorsed by thousands. Here's Brainerd proof:

Charles D. Erickson, 1103 E. Oak St., Brainerd, says: "I was annoyed at night by kidney weakness. My back ached awfully and it was hard for me to get around. For several weeks, I couldn't do any work. I doctored, but got no benefit until I procured Doan's Kidney Pills at H. P. Dunn's drug store. They soon put me on my feet and fixed me up in good shape."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Erickson had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advt.

Can a Woman Keep a Secret

(By United Press)

Washington, Jan. 24.—Can a woman keep a secret? The foreign relations committee of the United States thinks so. The committee has chosen for the first time in history a woman as the clerk of the committee. This is an important post. Her name is Miss Jessie L. Simpson—business-woman extraordinary.

Her nomination carries with it the privilege of the floor of the senate, enjoyed by but one other woman in history, Miss Leona Wells, clerk of the military committee.

Miss Simpson was nominated for the clerkship by Chairman Stone, and received the unanimous vote of the committee, of which she has been acting clerk for six months.

Good Luck Party

Friday evening in the church parlors of the Methodist church, the Philathea Bible class will give a good luck party. Horseshoes, wishbones and four-leaf clovers will be in evidence. There will be a good program and refreshments. Everyone is invited.

Mid-Week Service

The mid-week service of the First Congregational church will be held Thursday evening, commencing at 7:30 o'clock, at the home of Mr. and Mrs. C. A. Albright, 316 North Fifth street. Rev. G. Phil. Sheridan will continue his talk on "The Value of the Old Testament."

A HOMEMADE FIRELESS.

A Stout Wooden Box, Old Newspapers and Hay the Chief Requisites.

A fireless cooker is almost a necessity in the up to date kitchen, but the expense is a serious consideration with the young housewife. However, a very satisfactory substitute can be made at virtually no cost and will prove an economical means of boiling and stewing.

Get a wooden box with a hinged lid; line it with newspapers or packing paper; then cover the papers with balze or felt. Cover the lid inside in the same manner. Press enough hay firmly into the bottom of the box to form a compact layer six inches deep. Fill the box with hay, pressing it well against the sides, and make nests for the pans or casseroles you intend to use, leaving a partition of hay between them and a space of six inches between the top of the pots and the box lid. To fill this space you make a mattress-like cushion of balze and fill it tightly with hay. It must fit the top of the box tightly and be six inches thick. See the contents of the pans are absolutely boiling when put in. If opened during cooking they must be rebolled.

You can make easily any kind of stew, of meat, game or poultry, by cooking it over the fire in the usual way for twenty minutes and then boiling putting it into the hay box, covering it with the cushion, shutting up the lid and leaving it six hours. Lentil, pea or mixed vegetable soups require thirty minutes' boiling on the fire and four hours in the hay box. Baked meat requires thirty minutes' boiling for a small joint and forty-five for one of five pounds and four to five hours in the hay box. Beefsteak pudding requires an hour's steady boiling on the fire and four to five hours in the hay box; suet pudding the same. Soft vegetables, like potatoes, and cereals, like rice, sago, tapioca, macaroni, require five minutes' boiling and one and a half hours in the box. Haricot beans, lentils, carrots, turnips, require twenty minutes' boiling and three hours in the box. Oatmeal porridge can be cooked fifteen minutes on the fire, then left all night in the box and be given, five minutes on the fire before serving at breakfast. Any kind of fruit can be stewed in the hay box. It is best to make a sirup of sugar and water, add cloves, lemon or any flavoring liked, bring to the boil, add the fruit and let it simmer ten minutes; put into the cooker and leave three hours. Small fruit takes less time. Any dish that is to be eaten hot must be brought to the boil after taking it out of the hay box before serving.

Childish Modes.

About Pockets.

We are to be "pocketed" the coming season as never before, and who will admit that this fashion feature can fail to please us and inspire in our hearts and minds a very strong and substantial desire for new clothes?

The Store Where Little Things Count

The best reason why we have been able to do some pretty big things is because we know the value of little things—take care of trifles. With us there are no unimportant transactions—none beneath us—for it is details that count. It is important to us, no matter what you pay, that is you get the fullest satisfaction for every dollar you spend here.

Growth is the object of this business. We expect to attain it only by giving satisfaction.

JOHN LARSON

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled. This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

Coughed Fifteen Years

JUDGE DENIED A NEW TRIAL

Verdict for Bridgeman & Russell vs J. Axdahl for \$418.50 Eggs Apparently Stands

MAY GO TO SUPREME COURT

Contract to Purchase Eggs from Duluth House Repudiated by International Falls Grocer

Eggs these days are classed with coal and other luxuries but in 1912 they were but \$5.70 a case. Judge W. S. McClenahan has just handed down a decision refusing a new trial in the case of Bridgeman & Russell Co., of Duluth, against J. Axdahl and wife, Julia Axdahl, of International Falls.

Axdahl bought 300 cases and shipments were to be made at intervals and the balance kept in cold storage. Axdahl agreeing to pay \$6.90 a case. He sent for 75 cases and they came in three lots. The first set of 25 cases were sold. The next two shipments Axdahl claimed the eggs were not good, the last shipment being made in December, 1912. He complained about the eggs February, 1913, and wrote Bridgeman & Russell he would take no more.

Bridgeman & Russell were left with 225 cases on their hands. They sold them at the market price, \$1.20 less per case than Axdahl had contracted to pay. They sued for the contract price balance and the jury gave a verdict for the defendant.

A new trial was secured and the next jury took another slant at the case and returned a verdict of \$418.50 for the Bridgeman & Russell people. Axdahl asked for a new trial and Judge McClenahan has now denied the motion.

The trial of the case developed considerable insight into the egg business. Bridgeman & Russell stored them at a storage warehouse and as shipments were required candled them. An electric light apparatus was used.

Axdahl claimed he could candle too and that he found chickens in some of the eggs.

The testimony of a dairy and food department inspector was also interesting, being to the effect that he had found the grocery store negligent in preserving some of its supplies. There was also evidence that Axdahl had kept some of the eggs near a hot stove and this did not contribute towards their preservation.

A question in the case arose as to where the title to the eggs resided, whether they passed to Axdahl at the time of the sale or whether title remained in the plaintiff. If the title passed to Axdahl the loss was his. If the title did not pass, the question arose if he had the right to kick the traces and notify them to stop shipping eggs.

Anyhow, eggs were a whole lot cheaper in 1912 than they ever were in 1917.

COMMENCE ICE HARVEST

Brainerd Ice Company Will Put 30 to 50 Men and Teams at Work Monday Next

The Brainerd Ice company will begin the annual harvest of ice on Monday morning, Jan. 29, at which time a force of about 30 men and 40 teams will be put at work on the ice fields at Rice lake and employed in hauling the output to their ice houses where it will be stored away for consumption during the coming year. There will be something over 4,000 tons of ice cut and put up by this company.

Salvationist Change Ordered at Superior, Wis., Means a Transfer of Brainerd Officers

ORDERED BY COL. S. MARSHALL

Capt. Verner Huffman and Lieutenant William Wiechmann From Brainerd to Superior (Superior Telegram)

Captain Verner Huffman and Lieutenant William Wiechmann, formerly in charge of the Salvation Army post at Brainerd, Minn., will take charge of the local position Thursday. The two officers will succeed Adj. J. H. Connor and wife who will take up new duties at Janesville, Wis.

Captain Huffman has served as an officer of the Salvation Army for the past two years. Lieutenant Wiechmann has been associated with him during the six months that he had charge of the work at Brainerd.

Previous to taking up the work at Brainerd, Captain Huffman served at Sioux Falls, S. D., and at Mankato, Minn. Lieutenant William Wiechmann is a valuable aid to the captain because of his musical abilities.

Mr. and Mrs. Connor will leave the city during the early part of next week for their new field of work. The couple had charge of the local post of the Salvationists for 18 months making a total service of 21 years as army officials. Before coming to Superior Mr. and Mrs. Connor had charge of the work at Jamestown, N. D.

The local post is under the leadership of Colonel S. Marshall, provincial commander with headquarters at Minneapolis. It is through his orders that the local change is being made.

ADVISORY BOARD DINNER

Thirty Committee Men of Chamber of Commerce to Dine Monday Evening

The newly appointed members of the advisory board of the Chamber of Commerce, made up of the chairmen of the thirty committees of the organization, will meet at the Ransford hotel next Monday evening at 6:15 sharp for the usual annual dinner given by the Chamber in their honor. This meeting is for the purpose of becoming acquainted and the general discussion of the plans of the organization for the year.

Two new committees were created this year by the committee on committees, namely a committee on charities and the committee on home building and improvement. The office of the charities committee will be the handling or consideration of all charitable donations to be made by the Chamber during the year and the co-operation with other charitable organizations in this line of work. It is felt that by this plan a more systematic distribution of such funds as the organization feels it possible to set aside for this purpose will be possible. H. F. Michael is chairman of this committee.

The committee on home building and improvement will devote attention to the housing problem in Brainerd and the encouragement of the erection of a better class of dwellings for rental purposes, the improvement of those already erected and the neat, tidy up-keep of homes in general. H. E. Kundert is chairman of this committee. These two committees were recommended in the secretary's annual report and were approved of by the advisory board.

St. Paul, Jan. 24—Scattered along the old Pembina mail route between Winnipeg and St. Paul are eighteen dog teams, sturdiest and fleetest of all the thousands of burden bearers in the Northwest Territory and contestants in the First Red River-St. Paul Carnival Derby.

The race started at noon today in Winnipeg. The drivers expect to finish the 522-mile grind with a final spurt to the finish line in Como park, St. Paul, sometime Monday or Tuesday, while the Second Outdoor Sports Carnival is at its height.

A purse of \$500 and a high powered rifle await the winning driver. He will receive, also, the Louis W. Hill bronze medal which is one of four trophies to be awarded the quartette of drivers finishing in front.

A silver medal, \$150 and a shot gun will go to the second driver. Third prize is \$100 and a large gilt net; fourth \$75 and six dozen mink and beaver traps; fifth, \$50 and a pair of snow shoes.

St. Paul merchants have donated dozens of merchandise prizes in addition to this list, and every driver who finishes the derby will receive a trophy.

Louis W. Hill, president of the carnival association, accompanied by Boreas Rex II, King of the carnival, and several prominent St. Paul citizens, witnessed the start of the race at Winnipeg today and will return to St. Paul at once.

The progress of the race will be bulletined to the carnival headquarters by telegraph, day by day, and a huge scoreboard at a downtown corner in St. Paul will record the time of the rival drivers.

When the leaders arrive at the finish line they will be welcomed by carnival notables and thousands of celebrators.

Radiators
Do your radiators radiate?
Or do they spend their days
and nights singing, whistling,
carousing and whooping it up
around room corners? And
do they wake up in the morning
hiccupping and belching and
looking dispirited?
Ours do. And we swear by
every icicle on our mustache
that before we rent again we'll
ask the landlord how his radiators
spend their evenings.
"Will this radiator care,"
we'll ask, "whether we freeze
to death?" And if the land-
lord answers evasively, we'll go
elsewhere.
Big, husky, intelligent look-
ing radiators like ours, that
stand around and hiccup and
sing soprano at seven o'clock in
the morning have certainly
gone to the devil and there's
no hope for them.
We don't think much of rad-
iators anyhow. Base-burners
and round oak stoves may have
their faults, but they know
their business.

PERSONAL PROPERTY TAXES DUE IN 1917

The Dispatch will publish from time to time the list of personal property taxpayers of Crow Wing county and of the city of Brainerd. The compilation of the list takes some time, as it affords every taxpayer the opportunity to see what his friend or his next door neighbor is paying.

These taxes are due and payable January 1. On and after March 1 a penalty of 10 percent attaches to delinquent payments. Many in Brainerd take pride in being among the first to pay their taxes.

TOM WOODS' SUIT

Big, Bulky Package Arrived This Morning and Four Buttons Had to be Set Over

Tom Woods' carnival marching club suit arrived today and it was necessary to move four buttons before Fat fit in comfortably. "Shorty" Anderson's N. P. marching club suit also arrived.

When arrayed in the black and red N. P. colors the two made a jaunty appearance and created as much stir around town as any election night in Brainerd.

Their pictures were taken by Lars Swelland and an extra large plate was required to land them both. They will appear in all Duluth, St. Paul and maybe Minneapolis papers too, in addition to making their bow to home paper readers.

Cards are to be made of the picture and distributed, containing Mr. Wood's cordial invitation to everybody in general to visit Brainerd February 10, the day of the first annual Outdoor Carnival.

Brainerd is getting and will continue to get yards of publicity concerning its carnival. This week country newspapers within a radius of 50 miles will carry advertisements of the carnival and news stories.

Posters are to appear in stations of the Minnesota & International railway and the St. Paul and Lake Superior divisions of the Northern Pacific.

The Brainerd Model Laundry this morning sent out 100 posters to be posted by its 80 branches within territory of a radius of 80 miles or more of Brainerd.

Business men of the city are to write their wholesalers in St. Paul to have representatives at the Brainerd Carnival and to send as many uniformed members of marching clubs as possible.

Citizens will soon be called upon to file with the secretary of the Chamber of Commerce, Fred T. Lincoln, rooms available and a list of boarding houses. Brainerd cannot afford to let people suffer for accommodations. The crowd must be taken care of now that the carnival has been launched, in spite of the loss of two hotels.

Replies have been received from many commercial bodies of the state regarding Brainerd's invitation to attend the carnival. The general committee meets Thursday evening at the Chamber of Commerce and every one of the eleven members must be on hand. Saturday morning everybody goes to the St. Paul carnival.

Persian Lamb Fur.

The term ostrakhan is used for counter grades of Persian lamb fur which is made from the pelts of a kind of black sheep. The skins are mostly imported from Bokhara. They are from still born lambs or from lambs killed before they are a week old. The curl of the wool is lost as the lambs grow older, and a tight curl covering the skin uniformly is what the furriers seek. The skins are variable in quality, and the traders grade them according to the closeness and particular character of the curl as well as the fur's lustre. Dyeing is used to give an even coloring and make the skins more lustrous.—New York Sun.

SPORT NEWS

HENRY ORDEMAN
WILL REFEREE

Ex-Heavyweight Champion of America, Mill City Man, Here for Big Match Thursday

ORDEMAN IDEAL ARBITRATOR

Theodore Peters, Ex-Light Heavyweight Wrestler, to Accompany Francis to Brainerd

Henry Ordeman, ex-heavyweight champion of America, by virtue of Frank Gotch's retirement from the ring, has been secured by local promoters for the wrestling match on Thursday night at the Park opera house to referee the bout between Henry Karhunsaaari and Al Francis in their second meeting for the middleweight honors. Local fans will learn with surprise, probably, that the Brainerd match has attracted the great attention it has, and it was only after hearing of the importance which this match will attract in the sport world that Ordeman agreed to act as the third man in the ring. Both Francis and the Finnish champion have been training diligently each day taking on all comers so as to be in the pink of condition when the referee calls time Thursday night.

Ordeman is said to be one of the best men that could have been procured to act as arbitrator and each man will be given an even break during the mat fracas. Both men are known to Ordeman and he has agreed to disqualify either should there appear any semblance of unnecessary roughness during the performance.

Francis is working out in the St. Paul Athletic club's gymnasium and is being trained by Theodore Peters, ex-light heavyweight wrestler who is said to be one of the most scientific men in the country today. He will accompany Francis to Brainerd and be in the corner for the St. Paul man. Karhunsaaari is here accompanied by

his manager, Einar Tossava, and is feeling in the best of condition for the Thursday night contest. Fans can look forward to one of the greatest mat exhibitions that has ever been staged in Minnesota.

Preliminary Wrestling Match

The preliminary wrestling match Thursday night will be between Harvey Rice of Crosby, and Ralph Anderson of Verndale. If Anderson wins he will challenge the winner of the Francis-Karhunsaaari match.

KARHUNSAARI IN TOWN WEDNESDAY

IN FINE SHAPE FOR FRANCIS

Three Rope Ring Mat Received Will Prevent Recurrence of Spills Into Orchestra Pit

Word was received this morning that a purse of several hundred dollars is being made up in St. Paul which friends of Francis will bring to Brainerd to wager that the Canadian champion pins Henry Karhunsaaari's shoulders twice to the mat in their match at the Brainerd opera house. If the purse is raised, St. Paul friends of the men making up the wager, will find opportunity to send carfare for a return trip, according to local fans when they learned of the deal today. Brainerd is all set for the big match and not alone is there a mountain of backers of the Finn, Henry Karhunsaaari, but every one is loud in his praise for the clean manner in which he wrestles and should the St. Paul man open up anything in the rough line, the referee has been cautioned to disqualify him.

According to the advance sale of seats for the match, standing room

a treat such as can be seen only in the larger cities of the state.

Henry Karhunsaaari and his manager arrived Wednesday from Jamestown, N. D., where according to all reports, Karhunsaaari has had a triumphal march, defeating every comer, and being in superb condition to wrestle Francis here.

will be at a premium. Many of the carnival leaders and their staffs, together with other dignitaries of the outdoor sports event, will be in attendance in full regalia while city and county officials are also expected to occupy ringside seats. The wrestling mat was received this morning from St. Paul together with a three rope ring and is being erected on the stage so as to be in complete readiness for the preliminary and main bouts of the evening without any delay.

Al Francis and his backers will arrive on the afternoon train Thursday and will no doubt retire to his hotel to rest until evening. The five hour ride from St. Paul is considerably of a handicap to any one scheduled to go into a grilling contest such as the one scheduled but with an even break in luck, the fans will be given

NEW FIVE HUNDRED-MILE DOG RACE WILL BE A FEATURE OF ST. PAUL OUTDOOR SPORTS CARNIVAL

St. Paul, Jan. 23.—By far the most thrilling event in St. Paul's unique Outdoor Sports Carnival, which opens Jan. 27 and continues a week, will be the 500-mile race from Winnipeg to the Carnival City for dog teams from the Northwest Territory.

This event, which will be made an annual classic—the only contest of its kind in the United States—will be known as the Red River Valley-St. Paul Sports Carnival Derby, and will follow the old Pembina mail trail, over which, more than half a century ago, mail was carried from St. Paul to Fort Gary, now Winnipeg, in sledges exactly like those to be used in the Derby.

St. Paul, in that day, was one of civilization's northern outposts. It also was the home of the late James J. Hill, who made several trips over the Pembina trail long before he built the Great Northern railway parallel with the route. Now his son, Louis W. Hill, president of the Outdoor Sports Carnival association, is reviving the customs of his father's pioneer days by fathering the dogs' Derby.

Primarily, the object of the race is to promote greater interest in the proper breeding of sledge dogs for the North country, where for several generations in the future men must depend on these sturdy animals for winter travel.

Added to this is the importance of the event from the standpoint of sport. It will be the longest straightaway event of its kind ever staged, longer than even the distance from Nome to Candle, the course for the Alaskan Sweepstakes.

Mayor R. D. Waugh of Winnipeg will start the fourteen sturdy teams at noon, Wednesday, Jan. 24, at a downtown corner in the Manitoba capital. Three days later the Sports Carnival will be in full swing in this city.

Warned by frequent bulletins from the towns along the Derby course, Carnival dignitaries and crowds of merry-makers will assemble in St. Paul's famous Como park to witness the finish.

It is estimated that five or six days, depending on weather and trail conditions, will be required to complete the race.

BRAINERD RIFLE CLUB

Officers Elected Tuesday Night—Wm. Nelson Again President of Club

The Brainerd Rifle club elected president, Wm. Nelson; vice president, Dr. C. S. Reimstad; secretary, Ed Wicklund; treasurer, Judge C. A. Albright; executive officer, Francis J. Britton.

During the season interest will be stimulated in shooting events. Team captains will be selected and plans made for matches with other shooting clubs. Dues were authorized paid the national organization.

A movement to reduce the dues was voted down.

Boom Lake to be the Scene of a Gay Throng Tonight, Lights Have Been Put In

Boom lake will be the scene of a gay throng tonight, as the Brainerd Northern Pacific marching club has accepted the invitation to put its skates on and skate on the municipal rink.

Lights have been put in, assuring brilliant illumination. It will make a pretty picture, the mingling of the many carnival suits with those improvised for the occasion.

THINKS PEACE IS COMING

David Starr Jordan Praises President's Message.

San Francisco, Jan. 24.—"Peace is coming, everything is moving that way, and the president's speech will do much to help," said David Starr Jordan, at Palo Alto, in commenting on President Wilson's peace address to the senate Monday. He added:

"The president has made a very eloquent and very remarkable statement of the case. It is an epoch making and historical speech.

"There will be violent outcry against it by those who are interested in the war, but the great bulk of the people in Europe, as well as in America, will be sympathetic with the president."

OFFICIALS EXPECT REPLIES

Believe Some Belligerents Will Answer Wilson's Address.

Washington, Jan. 24.—Formal comment from some of the belligerent nations on President Wilson's peace address to the senate is expected.

Even if this is not done the opinions of the governments undoubtedly will reach Washington informally through diplomatic channels, it is believed here.

Early press comment from Europe was viewed by the administration with the utmost interest and that of the French papers, particularly, was in general more appreciative and sympathetic than had been expected.

One fact is worth more than a ton of guesses. Ford cars are selling from five to ten over any and all other cars, simply because they give more satisfactory service, last longer and are easier to operate and cost less to maintain—and there's no guessing about the reliability of Ford Service. FRENCH SKEPTICAL

OF WILSON PEACE

Paris, Jan. 24.—President Wilson's address to the senate is printed in full in the most prominent papers and comment as a whole is sympathetic but skeptical. The Petit Parisien says:

"It seems that President Wilson, as in his previous note, has mistakenly placed the states attacked and the aggressors on the same footing, when this distinction was an easy one which he was in conscience bound to make. With that stipulation we can only subscribe to the formulae which the president sets forth as a basis of future peace. None of his conceptions can offend us. They are ours. But what will Germany and Austria say?"

The Matin says:

"In entire agreement with President Wilson as to the principles enunciated by him, we nevertheless shall believe, until more fully informed, that there is a portion of humanity upon which these principles must be imposed by force."

The Journal says:

"Mr. Wilson is obsessed with the idea of inaugurating for the world a golden age of universal brotherhood. His whole message is dominated by that noble chimera.

"Mr. Wilson's scheme is simplicity itself, except that it requires a new type of man. Does Mr. Wilson intend to change human nature?"

Gustave Herve writes in the Victoire:

"What a pity it is that masterly page of social philosophy is marred and almost disfigured by those three little words: 'Peace without victory.'"

When we plant a tree we are doing what we can to make our planet a more wholesome and happier dwelling place for those who come after us, if not for ourselves.—Oliver Wendell Holmes.

SAGE TEA KEEPS

YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
